

Bicycle-Friendly Driver Course

No matter how we get around, we're all people and safety is a shared responsibility.

Help make Colorado's roads safer and more courteous.

Join us to learn about:

- Common crashes between motorists and bicyclists and how to avoid them
- Legal and illegal behavior for both motorists and bicyclists
- How to navigate on-street bicycle infrastructure
- Why sharing the road is the safest option for both motorists and bicyclists

"As a driver, motorcyclist and bicyclist, I learned a lot from this class. This is really important information for everyone to know."
